The first public notice that Alexandria had today that this was Alexandria Day, was at noon, when the bells of the city were rung and the whistles of the factories blown.

This afternoon at 2 o'clock a speech was delivered at the park by Representative Charles C. Carlin. Following the speech the regular vaudeville was pre

Earle about four years ago, fearing to trust his savings to the banks, buried \$10,000 in an old tin pail. He dug for it recently but could find no trace of the pell or the greenbacks. Another search revealed what looked like a ball of mud with edges of a \$10 bill protruding. It proved to be his wad, and in the hope of gaining some recompense from the Government he came to Washington.
